**George Jon Named One of the Top-Performing SMB Channel Partners in the U.S. by Ingram Micro**

*World's Largest Technology Distributor Recognizes George Jon to its Inaugural Ingram Micro SMB 500 List*

**CHICAGO, IL, October 9, 2012** --- George Jon today announced it has been named to the Ingram Micro SMB 500. Unveiled at the Ingram Micro 2012 "Turn the Tables" Fall SMB Invitational in Rancho Mirage, Calif., the inaugural list celebrates the top 500 fastest-growing Ingram Micro U.S. channel partners focused on small and midsize businesses (SMBs). Ranked at number 18, George Jon grew its business with Ingram Micro by 727 percent between June 2009 and June 2012.

Developed in collaboration with Ingram Micro's Business Intelligence Center and U.S. SMB Business Unit, as well as channel research services firm The 2112 Group, the Ingram Micro SMB 500 list was derived from the more than 20,000 U.S. solution providers and MSPs who work with Ingram Micro's U.S. SMB Business Unit. Those channel partners named to the list demonstrated a consistent, average three-year growth rate of more than 200 percent. The list also takes into account select criteria such as company size, overall technology category revenue growth and innovation with SMB business engagements.

"Ingram Micro has been a strategic alliance and resource for our company as we grow in the market," says Kaya Kowalczyk, operations and account manager for George Jon. "The Ingram Micro team has helped us to create state-of-the-art data systems by always being available to answer questions and assist in the planning of new environments. We look forward to many more successful years of working together."

"Technology plays a critical role in the overall growth, operational scale and continued sustainability of SMBs across the U.S.," says Kirk Robinson, vice president and general manager, Commercial Markets Division, Ingram Micro U.S. "As one of this year's top-ranked SMB channel partners, George Jon has demonstrated its business strength and sent a clear message that serving the technology business needs of SMBs is a top priority. We congratulate George Jon on this accolade and look forward to enabling their continued success in 2012 and beyond."
